V. AFTER CONCLUSION OF OCD 1953, CONTINUE WITH
HISTORY OF 1953-1965 PERIOD

A. Develop functionally across-the-board
within relatively short time periods--
e.g., 1953-1956; 1957-1959; 1960-1962;
1963-1965.

B. Breaking point between periods determined
by amount and/or nature of activity.

C. Some activities, because of complexities
of development, etc., might well be
carried beyond cut-off date for that
particular period.

- D. Avoid confusion or a "back-at-the-ranch" effect from switching too frequently from function to function.
- E. Thus, while approach will be on basis of short time periods, actual resulting text will be flexible in this respect.

VI. PLANNED TERMINATION POINT

To harmonize with other offices' histories, CRS Chapter will cover through 1965, with references to impending drastic organizational changes [] approved this).
